In a caring environment, we will achieve our full potential.

Bus Tour of Material Recovery Facility Year 1 & 2

To Parents and Carers,

At the Material Recovery Facility (MRF) students will see how recyclable materials are processed and learn how to recycle correctly. At the Landfill, students will see where the waste that isn't recycled or reused gets dumped. They will learn about waste management issues and see how methane gas is collected and used to power homes. This learning will support the work they have been doing in science and sustainability.

Staff accompanying students on excursions will take all reasonable care while supervising students to protect them from injury and to control and supervise their behaviour and activities. Parents should be aware that staff are not responsible for injuries or damage to property which may occur on an excursion where in all circumstances staff have not been negligent. Parents should warn children of the risk to themselves, to others and to property of impulsive, wilful or disobedient behaviour.

This activity is not essential to, but enriches, curriculum outcomes and therefore payment is required for participation. It is customary for the school to request a financial contribution towards meeting the cost of your child's participation in this excursion. These contributions are voluntary.

The school has made every effort to keep costs for this activity at a reasonable level. We have an equity fund which can be used to provide financial assistance for students where parents are unable to make the requested contribution. If however there is insufficient total funding available to meet the cost of the excursion, regrettably we may not be able to proceed.
