

ICT PERMISSIONS

Dear parent/carer,

At Evatt, Chromebooks are used to access an online learning environment through Google Apps in Education (GAFE). In the course of a school year, students access information and communication technologies (ICT) on the Chromebooks for a range of processes including (but not limited to) assessment, research, NAPLAN, word processing and publishing. In your enrolment packs, you were asked to tick individual boxes to provide permission for your child to access particular areas.

In order for students to access ICT processes at Evatt, we require permission for **all** areas. As such, we are asking that you agree to allow access to all ICT areas by completing this form.

By signing this form, I/we agree to provide our/my child with permission to access:

(Please note. If you do not agree to the below listed areas, your child will not have access to ICT)

-email (this is required to receive and Education Directorate log in)

-internet access

-school computer network

-publishing work online (such as Google classrooms)

-Microsoft Office 365.

NB. A separate note will need to be signed for each child attending Evatt School

Child's full name (please print): _____

Full name of parent/carer (please print): _____

Signed: _____

Date: _____
