5/6 Science Excursion - Questacon Maker Space

Dear parents and carers,

As part of the 5/6 students science and STEM units of work, they will be partaking in an excursion to Questacon's Maker Space at the Ian Potter Foundation Technology Learning Centre. This workshop aims to empower students to explore the process of innovation by focussing on the technology used to generate a sustainable source of electricity. During the 2 hour session, students will get the opportunity to participate in hands-on making and refining both physical and digital prototypes. The students will be rotating around different activities.

Staff accompanying students on excursions will take all reasonable care while supervising students to protect them from injury and to control and supervise their behaviour and activities. Parents should be aware that staff are not responsible for injuries or damage to property which may occur on an excursion where in all circumstances staff have not been negligent. Parents should warn children of the risk to themselves, to others and to property, of impulsive, wilful or disobedient behaviour.

The school has made every effort to keep costs for this activity at a reasonable level. We have an equity fund which can be used to provide financial assistance for students where parents are unable to make the requested contribution. If however there is insufficient total funding available to meet the cost of the excursion, regrettably we may not be able to proceed.
